Welcome

Time marches on and incredibly another new season is upon us and we have some exciting new varieties to tempt you.

After introducing at least 150 new flower and vegetable seeds last season we never imagined we'd be including so many this year – but we have! There are over 130 new flowers and vegetables for you to enjoy.

We've easy to grow annuals, some rather special perennials and a good smattering of tasty vegetables too. The enthusiasm for cut flowers has not diminished and so we've found some beautiful new varieties and 'dusted off' some old fashioned gems.

Thank you so much for all your kind orders and the faith you have put in us, we say it every year, none of this would be possible without you. We sincerely hope the new catalogue will be inspiring and tempt you to try something different.

With best wishes,

Sarah Missing & the Plants of Distinction Team
