Welcome

We are pleased to be able to introduce many new and interesting flower and vegetable seeds despite all the unexpected challenges we have faced since the beginning of the year.

We are slowly adapting to all the new rules and are delighted that we have found a way to continue supplying our much valued customers in Northern Ireland and our distributors are ready to serve all our European customers whom we sadly had to disappoint this year due to all the new Brexit red tape. We knew there had to be a way forward and it was just a case of finding the right solution.

Thank you for all your custom over the last 12 months it really has been much appreciated and as we say every year, none of this would be possible without you and so if you like what you see, please do tell your gardening friends.

With best wishes,
Sarah Missing & the Plants of Distinction Team

A personal tribute to our founder David Tostevin

It is with much regret that I have to announce David Tostevin, the founder of Plants of Distinction has sadly passed away.

David’s contribution to the seed business over the last 50 years has been tireless and even during his brief months of retirement he kept a keen interest in all we were doing. Seeds were his passion and he was instrumental in introducing many of the new and unusual varieties we have all come to love and over the years he travelled thousands of miles in the pursuit of something different.

As a tribute, we could think of nothing finer than to name something special in his honour and so we are pleased to introduce our beautiful new Sweet Pea ‘David Tostevin’. The flowers are mottled which is very unusual, something not really seen in the Sweet Pea world before and makes this variety with eye-catching smokey purple blooms and a delicious sweet scent even more distinct. The moment we saw it we knew this would be a fitting tribute to a man whose passion in life has been to bring the ‘best’ from the seed world for us all to enjoy.

David’s ability to spot something different was a rare gift and he was well respected for this within the Seed Trade and will be missed by many but none more so than ourselves. I had the privilege of working with David for nearly 40 years and will miss not only his vast knowledge and experience but also his sheer enthusiasm for plants which was so infectious. We have some big shoes to fill and will do our best to maintain his standards and keep his memory alive.

Sarah Missing, Partner

Sweet Pea David Tostevin

Bred by the well respected Sweet Pea breeder Dr Keith Hammett from New Zealand and named in honour of our much loved founder David Tostevin. This unique variety has eye-catching mottled smokey purple blooms and a delicious sweet scent. HA

DELICIOUSLY SWEET CHERRIES

**Tomato Cherry Baby**

Superb for cold greenhouses this fantastic new cherry Tomato has the sweetest flavour we have known. Seldom has a small plant produced so much fruit with so much flavour. Recommended, entirely reliable. (pictured left)

0480 (25 seeds) £3.25

**Sun Cherry Premium** (right)

There are cherries and there are cherries! This one is the latest and greatest and the Japanese breeders claim it is the best red yet. Exceptionally high brix reading (sweetness scale) and if continuing trials are anything to go by, we’re confident you’ll grow it again and again.

Cordon. 70-80 days from transplanting.

0428 (10 seeds) £3.65

**Golden Cherry F1**

The very "Tops" in Tomato experience. Japanese bred and most definitely outyields, outflavours, outclasses even 'Sungold', once considered to be the gardener’s No. 1 for flavour. Add to that its resistance to cracking - its desire to remain on the vine and its superlative flavour and you will then have some idea of what’s in store for you. An absolute outright winner, believe us! Cordon. 70-75 days from transplanting.

0327 (10 seeds) £3.65

**Tomato Black Opal**

Bred from the popular heritage variety Black Cherry, Black Opal has improved flavour and habit. Black Tomatoes whilst tasty eaten raw are transformed by cooking and superior to any red Tomato when grilled.

0481 (15 seeds) £2.95

**Baby Boomer**

Hundreds of bite sized cherry Tomatoes smother the plant. Bush habit so fruit is always plentiful and you can be picking Toms in 55 days. Superlative flavour.

0476 (25 seeds) £2.95

**Tomato Sun Chocola F1**

Finally, Japanese breeders have produced an exquisite chocolate brown Sun Cherry Tomato with a delicious sweet tangy flavour. The 25 gram fruit are slightly larger than the rest of the series and are borne in clusters of 8-12 Tomatoes on short stems. Cordon. 70-80 days from transplanting.

0515 (10 seeds) £3.65

**Sungold F1**

Among the sweetest Tomatoes yet produced. Inclined to crack if left too late but otherwise 11/2” fruit are produced very freely. Cordon. 78 days from transplanting.

0323 (10 seeds) £3.65

All seeds are despatched in excellent condition. Should you be dissatisfied with the condition of any seeds/plants purchased, please let us know in writing within 14 days of sowing. Obviously we cannot take responsibility for horticultural problems outside our control, eg. drought, frost damage or insect damage. Liability is limited to the purchase price of each seed packet. All seeds are offered in good faith as being true to name and description and are intended for amateur gardeners only.

ORDER DESPATCH - IMPORTANT

UK Seed Orders: All seed orders will be dealt with separately from plants. Please allow 7-10 days for your order to be processed. Peak season please allow up to 21 days.

SPECIAL NOTICE TO ALL CUSTOMERS FROM NORTHERN IRELAND:

Fortunately we are able to accept seed orders from NI however please note, it will take up to 3 weeks for delivery as we need to obtain a Phytosanitary certificate from Defra before despatch. This certificate needs to accompany every order but fortunately is supplied free of charge.

Foreign Seed Orders: We regret that we are no longer able to send seeds, plants, corms or bulbs outside the UK due to new Brexit rules. We do have distributors in Europe who stock a selection of our seeds and we will happily give you their details if you wish to purchase direct. Please contact us for more information.

Green Finger Guide

Detailed growing instructions will be provided on the back of each seed packet.

HARDY PERENNIAL - HP: Hardy Perennials are permanent. Many do not flower until the second year and can be sown from early Spring to early Autumn.

HALF HARDY PERENNIAL - HHP: Treat as Hardy Perennials but remember to lift and keep frost free for replanting the following Spring.

HARDY BIENNIAL - HB: Hardy Biennials flower only one season. Grow them similarly to the Hardy Perennials.

GREENHOUSE PERENNIAL - GP: Perennials grown in greenhouse or conservatory for indoor use. Can be grown outdoors where frost free.

HARDY ANNUAL - HA: Sow Hardy Annuals outdoors from early March to early May every year.

HALF HARDY ANNUAL - HHA: Sow Half Hardy Annuals in a propagator or greenhouse during late Winter or early Spring. Sow thinly in seed trays and cover with a very thin layer of fine compost. Transplant into pots or trays when large enough to handle. Harden off in a cold frame before planting outdoors in May.

HARDY SHRUB - HSH: Prefers to be sown in the Autumn and placed outdoors in a cold frame.

HARDY BULB - HBB: Plant in Autumn or Spring.
