Welcome

It’s hard to believe another season is upon us already and we find ourselves surrounded by newly harvested seed which we are packaging in readiness for the start of the new season.

As ever, we have done our best to bring you the widest selection of what we consider to be the best in both the flower and vegetable seed world and despite these uncertain times we have had the privilege of co-operating with some of the finest breeders and growers not only in Europe but further afield too. We would like to think that the relationships we have built up over the years will remain just as strong whichever way Brexit takes us so that we can continue to bring you ‘the cream of the crop’.

Indeed to all our customers at home and overseas, we hope you will bear with us during this time of change. We are all a little uncertain about how this will affect us but obstacles can be overcome given time and we hope we can rely on your support.

As a small family run business we really do appreciate all your orders, without you none of this would be possible and as we say every year, if you like what you see please tell all your gardening friends.

Our best wishes for a good growing season.

Kind regards,
David Tostevin & Sarah Missing
