Welcome

Time really does fly and with another new season upon us, we've barely had a moment to reflect on the last 12 months.

Having added over 150 new varieties last season, we thought we'd have a 'quieter' year and not introduce quite so many this time. That thought lasted all of 5 minutes as we began our search for new products finding another 100 new varieties to 'whet your appetite'.

We've some rather special perennials, easy to grow annuals and a good sprinkling of tasty vegetables too. Cut flowers are still very much 'in vogue' and so we've found a few more beautiful varieties for you to enjoy.

Thank you so much for all your kind orders and the faith you've put in us. I know we say it every year, but honestly, none of this would be possible without you. We sincerely hope the new catalogue will be inspiring and tempt you to try something different.

With best wishes,

Sarah Missing & the Plants of Distinction Team

Stocks Baby Face

A compact, spray-like Stocks with the 'cutest little baby face' of soft, buttery-cream blooms and soft rose-pink petal edges together with a warm clove-like scent. Ideal for window boxes, pots and containers giving weeks of colour and an unforgettable sweet spice. HHA

2241 (40 seeds) £3.25

Pansy Imperial Antique Shades FI

Always admired for its attractive mix of pastel peach, rose, cream, burgundy, gold and white shades. The mildly fragrant blooms can produce long 15-20" stems that are perfect for cutting or mixing with tulips and daffodils in the early Spring. This variety has stood the test of time. 8-10". HHA

1993 (25 seeds) £3.75
